

CHECK POINT

# Checklist for buying a smart lock

1 Is it made by a reliable company that offers **reliable follow-up services**?

2 Does it have a **locking power** and security function that make you feel safe even when your home is empty?

3 Is it made with **eco-friendly materials** that consider the environment?

## Samsung Smart Locks are made like this.

1 Security solutions are added to global Samsung technologies.

2 In addition to general industry standards, we conduct **our own additional quality tests**.

3 We create smart locks that are **durable and reliable** even after long periods of use.

4 We consider the value and **dignity** of your home.

## SAMSUNG Smart Lock

## Easy and secure

Samsung Smart Lock SHP-H20

Feature guide

Installation guide

**SAMSUNG SDS**

## Easy installation

You can easily install the door lock after drilling a hole in the door.

\* The hole size should be 68mm.

## RoHS standards

The Samsung smart lock minimized the amount of six heavy metals, such as mercury, and cadmium, in all parts of the product, considering the global environment with the highest industry standards focused on quality.

## Away mode

After a user goes out, this function generates alarm sound when an attempt is made to open the door from the inside.

## 2 Authentication methods

- PIN code
- Key tag

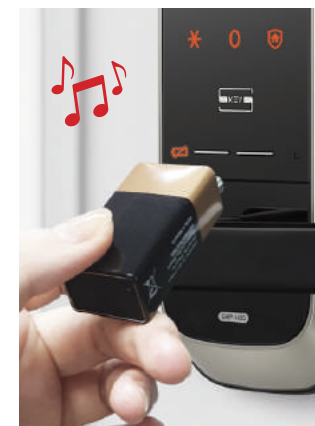

## Lockout mode

When more than 5 failed authentication attempts occur, the lock will disable the keypad for 3 minutes for security reasons.

## Randomizer mode

Enter the 2 random numbers to access your full keypad for user PIN code entry. This feature will help prevent unwanted guests from guessing your PIN code from fingerprint marks left on the touchscreen.

## Low battery notification & Emergency power supply

- In case of the low battery, the low battery LED flickers and melody sounds when using the door lock.
- When the batteries are discharged, you can temporarily power the lock with 9V battery.

### SHP-H20 Product Standards

<b>Battery</b>	4 AA alkaline 1.5V batteries
<b>Product Size</b> <small>(Including the handle)</small>	Exterior unit : 77mm x 228.9mm x 63.2mm (WxHxD) Interior unit : 77mm x 229mm x 73.6mm (WxHxD)
